

About Us

Kingwest Academy is an elite university and college-prep K-12 school that focuses on character and educational skills that students need to succeed and excel at the next level and life. At Kingwest Academy, we prepare our students for their secondary and post-secondary academic life. Our teaching methods incorporate the Ontario curriculum with engaging teaching content and highly trained Ontario certified teachers. Our goal is to successfully educate students of all levels and learning styles, anywhere in the world.

Kingwest Academy has a rolling admission, which means that we accept new students at any point throughout the year. While most students adhere to the traditional Ontario Ministry calendar, especially during the current Covid-19 educational disruption, many students attend Kingwest Academy to earn high-school credit course either not offered at their local school or an upgrade/repeat course to improve their academic achievement to upgrade their marks for university or college admission, scholarship applications, or international academic requirements. As a result, our student body includes international students who are seeking admission at Canadian universities and colleges, as well as, students who are getting prepared to attend university in the United States and Europe.

Presently, all our courses are fully online as per Ontario Ministry of Education Covid-19 decision in response to rapid increase of Covid-19 cases,

the increasing risks posed to the public by variants, and the spike in hospital admissions.

In the province of Ontario, it is mandatory for each student to attend high school until the age of 18 or as soon as a high school diploma has been obtained. Kingwest Academy's high school courses give students an option to work ahead and graduate early or perhaps take a bit more time.

Choose Kingwest Academy

With us, you are not just a number. We provide student-centered, educational environment that incorporates the most effective teaching methods into our rigorous curriculum. Our dedicated and experienced faculty strive toward academic success of every students. Whether you child is learning pre-algebra for the first time, or getting ready to apply to universities around the world, we are committed to instilling commitment of education and lifelong learning.

Accreditation

Kingwest Academy courses are innovative, customized, and rigorous. We follow and exceed the Ministry's curriculum guidelines. Our assessment is tied to instruction which ensures that every student gains the needed skills for success in class and future academic endeavors. High school diplomas issued by Kingwest Academy are signed by the Ontario Minister of Education and greatly respected at the institutions of higher learning everywhere.

International Students

International students are able to obtain Canadian education from the comfort of their country. Kingwest Academy is dedicated to success of Canadian

international students. Our staff provides assistance to all aspects of international education, from credit transfer, learning in a different timezone, to English Second Language classes.

Our Mission

As an independent college preparatory school, we offer an environment where all students excel and grow as life-long learners.

Our Vision

We are dedicated to creating an educational environment in which every student feels valued, gains passion for life-long learning, and gains a competitive academic advantage that will help them succeed in an increasingly complex world.

Our Goal

Our goal is to provide students with rich, innovative curriculum that results in real, in-depth learning. To equip students with life-long skills of problem solving, curiosity, and inquiry.
